

심화화학실험 I (유기.분석 화학)(이) (CHEM301-01)

학기	2026년 1학기
담당교수	홍선기
이수구분	교선평수
학점	2.0
강의시간	화12:30-16:30(E6 - 222)
강의실	E2 510 (교수실)
소속	기초학부

교과개요

This course provides hands-on laboratory training in fundamental experimental techniques of analytical chemistry and organic chemistry.

교과목표

Upon completion of this course, students will gain practical experience in quantitative analysis, instrumental methods, and organic synthesis, while developing essential laboratory skills, basic data analysis abilities, and scientific report writing skills through guided experimental work.

수업방법

Laboratory experiments and hands-on practice

학습윤리

Any form of plagiarism, data fabrication, report copying, or other academic misconduct will result in course failure and may lead to additional disciplinary action in accordance with university regulations.

교과정책(방침)

- Students must attend all laboratory sessions and arrive on time.
- Safety regulations must be strictly followed at all times.
- Laboratory reports and pre-lab reports must be submitted by the designated deadlines.
- Late submissions may result in grade penalties unless prior approval is granted.
