

통신의 기초(공) (EE305-01)

학기	2026년 2학기
담당교수	최지웅
이수구분	교선평수
학점	3.0
강의시간	화13:00-14:30(E7 - 224), 목13:00-14:30(E7 - 224)
강의실	E3 514 (최지웅 교수)
소속	기초학부

교과개요

Introduction to the basic principles of communication theory and systems. Topics include basic principles of communication theory, review of signal & systems, probability theory and random signals, analog communication such as baseband/passband modulation/demodulation techniques and performance analysis.

교과목표

To provide students with technical backgrounds on basic communication theories and systems.
