교과개요

This course aims to understand and discuss modern and contemporary world history from a comparative history perspective.

교과목표

This course explores major themes and events in modern and contemporary world history through a comparative historical approach. By examining revolutions, imperialism, world wars, the Cold War, Students will develop a broader understanding of how historical processes have shaped the modern and contemporary world. Through group discussion, students will also develop critical thinking skills and deepen their understanding of history. In addition, the course encourages students to critically examine historical representations, memory, and competing interpretations of the past in various media.
