교과개요

The following outline looks somewhat ambitious and we probably will not be able to cover all the topics listed below. If we slip behind the schedule, then we will either skim over or just omit some of the topics.

교과목표

This course is designed to make the students familiar with the 'basic' game theory which covers various equilibrium concepts starting from the concept of Nash Equilibrium up to the notion of "Intuitive Criterion" developed by Cho and Kreps

수업방법

THE STUDENTS SHOULD MAKE GROUPS. THE MAXIMUM NUMBER OF STUDENTS IN EACH GROUP IS 5. THE PROBLEM SETS WILL BE AND SHOULD BE DONE ON A GROUP BASIS.

교과정책(방침)

YOUR MOBILE PHONE SHOULD BE TURNED OFF DURING THE CLASS TIME.
